

Maths

- $- 34,621 + 25,734 = 60,355$
 $- 4,761,325 - 938,052 = 3,823,273$
 $- 67,832 + 5258 = 73,090$
 $- 854,501 - 299,999 = 554,502$
- A 3 bedroom house costs **£249,000**. I know this because I subtracted 201,000 from 450,000. This should have been answered mentally. The most efficient method would be to subtract 200,000 to get 250,000 then subtract the remaining 1,000.
- $522,478 + 385,904 = 907,382$ (missing digits in red)

Mental Maths answers

- 70p
- 29
- £7.50
- 100
- 15
- 39
- 25
- 11
- 35
- 27

English

- Contraction
 - Possession
 - Possession
 - Possession
 - Possession
 - Contraction
 - Contraction
 - Possession
 - Contraction
 - Contraction
2. Use your revision guide to check that the apostrophes you have used are used correctly. 5 to show contraction could have been:
- wasn't - couldn't - don't - won't - can't

Foundations Subject – Technology

Different types of South American dishes you may have found when researching:

Ajiaco colombiano: Colombian chicken **and** vegetable stew.

Anticuchos: Peruvian beef kebabs

Chimichurri: Argentinean garlic-parsley-vinegar sauce served with grilled beef

Empanadas: Chicken, meat, fish, or cheese turnovers, popular throughout South America

Pamplona de pollo: A colorful stuffed, rolled, grilled chicken breast from Uruguay

Parrillada: Argentinean grilled steak
