

Maths

Hi everyone, I have posted a video on Youtube that will be very useful for you to watch before you try our maths challenges this week.

How many different ways can you represent the following numbers? Here is an example of different ways I could think of to represent 23 :

It is very important to think about how many tens and how many ones are in each of the numbers. It is also important for your child to be able to think about how the number is written as a word.

You can use pictures or practical representations to show the numbers – get creative!

1. 18
2. 44
3. 50

As everyone's representations will be using different objects, there will be no 'answers' on Wednesday. Ask a grown up to check your representations are correct.

English

We are going to think about the wolf from the story of Little Red Riding Hood which we shared last week. Have a close look at the picture provided – could this be the wolf from a

different version of the story? Talk about the picture with your grown up and try to describe what the wolf looks like, what he might be doing and where he is going.

Here are some sentences describing the wolf but they are a bit mixed up! Write the sentences with the words in the correct order. Remember to look for clues such as the word with a capital letter and the word with a full stop or an exclamation mark. You might find it easier to write each word on a piece of paper to help you order them correctly.

1. has teeth and The claws. wolf sharp pointy
2. hiding the tree. quietly huge He behind is
3. wolf looking his hungry for The dinner! is

Foundations Subject – RE

We are going to be learning about Buddhism this half term. Have a look at the powerpoint provided and share the story of Buddhism together. Remember to pause and talk about any words you are unsure about.

Some questions to think about:

What four things did Siddhartha see when he first left the palace?

Where did Siddhartha go to meditate?

What does enlightened mean?

Why did people begin to call him Buddha?

Can you draw a picture of Buddha meditating under the Bodhi tree?
