

## **Maths**

Continuing from Monday's lesson, we are going to once again focus on addition. Today, we will be using the worksheet that you will find in today's folder. There is no need for you to print out the sheet, it is only an aid. Instead, use the sheet and any props at home to help you write a number sentence for each problem on a piece of paper.

You may also want to sing an addition song such as 'when you add with a pirate'.

## **Literacy**

Today we are going to think about the characters: Little Red Riding Hood, Grandma and the Wolf. With a grown-up talk about each of the characters describing what they are like, e.g. happy, caring, unkind.

Now draw a picture of each character and using the words you talked about with your grown-up write your words next to each character. Remember to try hard to use your sounds when writing the words.

## **Foundation Subject – The World/Creative**

Today we will be continuing our work on ponds and the animals that live within them. Some of you may be lucky enough to live next to a pond, maybe you have seen one when you have been out enjoying your daily exercise.

Using Google Earth, try to find a pond in your local area. How many can you find?

Next, you are going to follow the instructions below to draw your very own frog!

## I Can Draw a Frog!

1

Draw an oval  
for the frog's body.

2

Draw two small  
circles for the eyes.

3

Draw the frog's eyes  
and mouth.

4

Draw the back legs.

5

Draw the front legs.

6

Color the  
frog.
