

If your child could benefit from further challenge, feel free to create your own maths questions at home or visit [White Rose Maths](#) for more planning and resources.

This is a quick game you could play with your child at home. The following is dialogue you can follow.

Show me 5 fingers. Now show me 2 more.
How many fingers now? How do you know there are 7?
Did you count them all 1, 2, 3, 4, 5, 6, 7?
Is there another way to count them? We know we have 5 on this hand? Can we count on? 6, 7?

Feel free to change the numbers and add or adapt the questions. Have fun!

|---|---|-------------------------------------------------------------------------------------|---|-------------------------------------------------------------------------------------|---|----------------------|
| 6 | + |  | + |  | = | <input type="text"/> |
| 4 | + |  | + |  | = | <input type="text"/> |
| 5 | + |  | + |  | = | <input type="text"/> |
| 2 | + |  | + |  | = | <input type="text"/> |
| 3 | + |  | + |  | = | <input type="text"/> |
| 1 | + |  | + |  | = | <input type="text"/> |

Answers

$$6 + 5 + 5 = 16$$

$$4 + 7 + 6 = 17$$

$$5 + 8 + 5 = 18$$

$$2 + 9 + 5 = 16$$

$$3 + 9 + 8 = 20$$

$$1 + 10 + 10 = 21$$
