

Monday 4th May

Maths

Today, you will be completing the maths activities on the separate maths document. There is a sheet for Year 1 and a sheet for Year 2. You can print the sheet out if you have access to a printer, or you could just write the answers on paper.

English

Last week you drew your story map of 'The Snail and the Whale'. Today I would like you to use your map to help you write the beginning and middle parts of the story. Once you get up to the part where the whale is lying beached in a bay and he couldn't get back into the sea, I'd like you to stop writing as we will be exploring the ending on Wednesday.

You can start your story with a different story starter such as 'One day... or It all began... Remember capital letters, full stops and spaces between words.

Foundation Subject – R.E

Buddhism

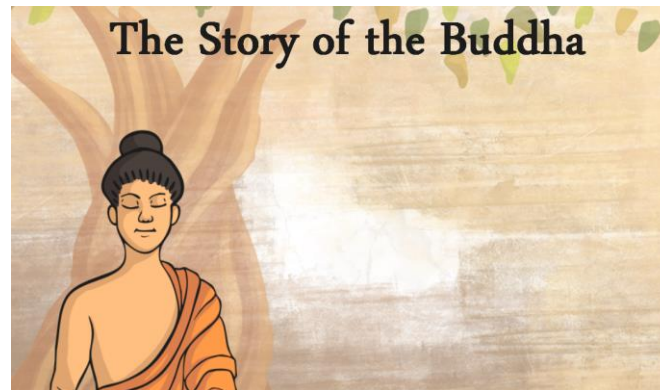

Buddhism

Buddhism is one of the five largest religions in the world.

Buddhists thank Buddha for his teachings. They believe he is the **perfectly enlightened** one without anger or hatred. He is the wisest and most kind-hearted person in this world, who spent his life trying to help others. Statues of him remind Buddhists of kindness, wisdom and compassion.

Read through the power point **in the support documents** of the story of Buddha and answer the following questions. Ask a grown up to help you with any tricky words.

Some questions to think about:

What four things did Siddhartha see when he first left the palace?

Where did Siddhartha go to meditate?

What does enlightened mean?

Why did people begin to call him Buddha?

Can you draw a picture of Buddha meditating under the Bodhi tree?
