

Yr 1, 20.05.20

**Maths**

For today I have set a new task on [www.mymaths.co.uk](http://www.mymaths.co.uk) which will need you to login with the username and password sent home on a letter with your first home learning pack.

You will be working on 'number facts doubles 1, and number facts doubles 2'.

Remember you can check your own answers!

**SPaG**

The spelling, punctuation and grammar sheet for year 1 has lots of activities for you to complete. Write down your answers down on a piece of paper or print off the sheet. You can mark your answers on Friday!

Which year 1 common exception word has Mr Whoops been juggling with?

Practise writing these spellings.

day \_\_\_\_\_  
saw \_\_\_\_\_  
made \_\_\_\_\_  
here \_\_\_\_\_  
I'm \_\_\_\_\_

Tick the correct sentence.  
come and put your pins on this huge map!   
Come and put your pins on this huge map?   
Come and put your pins on this huge map.

Write these two sentences again, but add a word to help them make sense as one sentence.

We were at the park. We saw your family there.

Circle the words you think should have a capital letter.  
jack she scott  
start bedroom  
thundering thursday

Tick **two** words that can have '-ing' added to the end to make new words.

sing   
fun   
hutch   
fly   
people

## Foundations Subject - Science

Identifying plants we see outside and in our gardens.

Not all plants are exactly the same. Can you think of some different kinds of plants and flowers that you might already know?

When you go out for your daily exercise, see if you can spot any of the common plants on the Plants and flowers seeds sheet provided in the supporting documents (you can either print the sheet or view it on your phone).

If you find any flowers that are not on our sheet, you could take it home (or take a photograph on a grown-ups phone, as there are some flowers we should not pick) and do your own research to find out which plant it is.

If you collect flowers on your daily exercise you could make your own collage and label the different kinds of flowers and plants you found

If getting outside is tricky, you could -

- Do your own research online around the plants on the Plants, flowers and seeds hunt sheet.
- Make your own common flower/plant collage using pictures from the internet.
- Sketch the different flowers you can see in your garden.
