Friday 22nd May – Answers

Maths - Money

We are going to use another BBC Bitesize activity for today's maths task of adding amounts of money. Follow the videos and complete the first activity. You do not need to complete the second activity as this requires a sign up for the classroom secrets website.

<https://www.bbc.co.uk/bitesize/articles/zkwfvk7>

Answers – The answers are on the BBC Bitesize website.

English – Reading

I have been uploading videos of me reading Boy Tales from Childhood by Roald Dahl. I hope you have enjoyed watching these.

Write a summary of the book so far. What has happened and what have been the key events?

What has been your favourite part of the book so far and why?

Answers – Ask a grown up to check your work with you. My favourite part so far was Roald Dahl putting the mouse in Mrs Pratchett's sweet jar!

Foundations Subject – Computing

I am sure you have all been using digital technology whilst you have been off school! I hope you have been using these safely and sensibly.

Today we are going to look again the coding programmes we used earlier in the year. I have uploaded challenge sheets for 'Turtle Logo' and 'Scratch'. Both programmes are free to use.

<https://turtleacademy.com/>

<https://scratch.mit.edu/>

Remember an algorithm is a set of precise instructions.

Answers – I hope you enjoyed using coding programmes!
