Monday 1st June

Maths - Time

This week we are going to look at time. It may be a while since you have done any maths work on time so complete the Y2 end of unit worksheet on this topic as a reminder. I will post the answers on Wednesday!

English - The Lost Happy Endings

We are going to begin another book, 'The Lost Happy Ending's' By Carol Ann Duffy. To begin, I want you to think about these questions:

What makes a good happy ending?

Can you think of another story that has a happy ending?

Do all stories need to have a happy ending?

Do you prefer stories that have a happy ending?

Foundations Subject - Geography - Rivers and Seas

This half term we are going answer the question 'Why is the River Tees important?'

To begin this work I want you to research and find out about the River Tees. I would like you to tell me the source of the River Tees (where it starts) and the mouth of the River Tees (where it ends), and any other interesting facts you can find out about it.
