Wednesday 13th May

Maths - Addition and Subtraction

Rosie thinks $352 - 89 = 337$

H	T	O
3	5	2
−	8	9
3	3	7

Is she correct?
Explain why.

Use $<, >$ or $=$ to make the statements correct.

$234 - 47 \bigcirc 234 - 57$

$472 - 84 \bigcirc 473 - 84$

$406 - 89 \bigcirc 416 - 99$

English - Reading Comprehension

I have uploaded a document called 'Premium Property For Sale'. This is about Anglo-Saxon houses. What type of text do you think this is?

Read the text and complete the comprehension questions on the right-hand side.

Foundations Subject – Art

Think back to the art we completed in our first week of online learning. I have uploaded a PowerPoint which has a description of how Impressionist's painted and some famous impressionist pictures.

Choose one of these pictures and create your own copy of it. If you can use paint that is great, but if you don't have paints think what you could use instead? Felt pens, crayons, chalk or coloured pencils would work too.
