

Maths

Complete the 3 scenarios so they match the bar model.

- a) Ron has **£676** altogether.
He spends **£200** and has £476 pounds left.
- b) Jack has **£476**
Eva has £200
They have **£676** altogether.
- c) Amir has £200 more than Rosie.
Amir has **£676**
Rosie has **£476**

Could you write a scenario of your own to match the bar model?

Answers

The answers are in red.

English

Look back through the story The Colour of Home.

Think about Hassan's emotions during his first two days at his new school.

Complete an emotion graph to show how Hassan's emotions changed during these days. There is a worksheet for this and it can be printed, but if that is not possible you can draw it .

Answers

I have attached the emotion graph I completed, yours might be a little different to mine.

Foundations Subject – Science

What does a plant need to grow?

Make a list of what you think a plant needs to grow.

Visit BBC Bitesize, watch the online activities and compare your list to the answers.
