

About to hatch

Verbs are action/doing words.

Look at my writing below. Can you locate the verbs and replace them with more exciting vocabulary?

- ▶ **Out of nowhere, oddly shaped objects came down from the sky. They went into the sand with a loud thump.**
- ▶ **A group of people walking along the beach saw the objects, and walked towards them.**
- ▶ **A crack went on the surface, and the gathering crowd made a noise.**

Talk about...

Where might these objects have come from? Do they remind you of anything? Why have these objects landed on the beach?

If you had found these objects, how would you react?

What is inside the objects? What will happen next?

Can you write the next part of the story?
