SHINE

Successful, Happy, Inspired and Nurtured towards Excellence

Maths

This week we are going to be focusing on measurement. In Year 1 we need to be able to use words to compare height and length, such as:

Long, longer, short, shorter, tall, taller.

We need to know that height is a type of length.

Height is measuring how tall something is (up and down).

I would like you to find objects in your home that you can compare the heights of – this can be people or objects such as teddies, a door etc.

Can you say who/what is taller/shorter?

How do you know?

For example, you could compare two people in your home -

Dad is taller than me.

I am shorter than Dad.

Remember when we are comparing height it is very important that the objects start on the same point to make it fair (it would not be fair if someone was standing on a step while the other person was not).

Challenge -

Rosie, Alex and Mo are comparing the height of Mrs Rose and Jack.

Rosie

Mrs Rose is tall than Jack.

Alex

Jack is short than Mrs Rose.

Mo

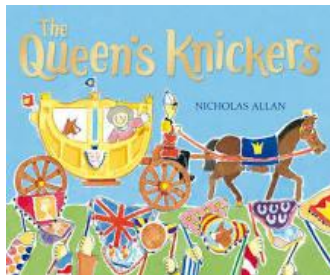

Mrs Rose is longer than Jack.

Can you improve their sentences to make them more accurate?

English

Watch the video of the story 'The Queen's Knickers' using the link below.

https://www.youtube.com/watch?v=V4lZ_zPXl3Y&t=41s

Did you like the story? Which part was your favourite? Why?

Imagine the Queen was visiting Shotton Hall Primary School! Design a special pair of knickers for her to wear for her visit – think about the picture or pattern they would have on and if the knickers are able to do anything unusual like the parachute knickers in the

story! Then write a few sentences to describe the special knickers. Remember to use capital letters and full stops and we would really like you to use 'and' in some of your sentences to join your ideas. We would be really impressed if you could also use an exclamation mark!

You may like to print out the sheet provided in the Resources section or use it to show you how to record your ideas. We can't wait to see your designs!

Foundation Subject – History

This half term we will be finding out about Queen Elizabeth II.

What do you already know about her?

What can you find out about the Queen, her family, her role and where she lives?

You might like to print out the chart in the Resources section to record what you find out, or you could make your own chart with a drawing of Queen Elizabeth in the middle.
