

Shotton Hall Primary School

Working together to

SHINE

Successful, Happy, Inspired and Nurtured towards Excellence

Monday 11th May

Good Morning Boys and Girls! Hope you've had a lovely weekend!

What day of the week is it today? Sing our 'Days of the week song'

What is the weather like today? What season is it?

Music

The Start Stop Song

Our school's very own Mrs Sellers from Durham Music Service will help you move on a Monday with a wiggle and a shake. Have fun while listening and stopping at the right place with her!

Maths

Measuring

Using small world farm animals, cuddly teddies or favourite toys for this activity; gather 4 or 5 together and ask your child to put them in order of size. Smallest to largest.

- Which animal/toy is medium?
- Choose one of the toys/animals e.g. the smallest. Can your child find something around the house that is smaller
- Try this with the largest item they ordered too!
- Don't stop there – measure, order and compare lots of items from around your house e.g. shoes, spoons, pillows, pans!
- Build a Lego tower the same size as an object and count how many Lego bricks tall it is!

This week we are going to be learning about what food we can get from a farm!

Read and share the “Where does food come from” (saved as supporting information) to introduce the subject of where food comes from. Explain that all food comes from a plant or an animal.

Next:

- Set out two plates and explain that one is for food that comes from plants
- one is for food that comes from animals, label the plates if you can
- Gather a few items from your cupboards/ fridge/ freezer. Stick with simple items for now such as apples, strawberries, potatoes, sausages, chicken nuggets etc.
- Discuss each item with your child and ask them to put it on the correct plate.

Explain that all of these items come from farms. Take a look at the short video clip of children doing a similar activity. Did you and your child sort any of the same foods that they did?

Storytime

The Little Red Hen

Read, share and enjoy the story from the following link:

<https://www.youtube.com/watch?v=GLzna0Hrsco>

Baking is always fun and filled with lots of learning opportunities. Try making something with your child after listening to the story; it doesn't have to be the same as the Little Red Hen, pancakes or cupcakes perhaps?

Don't forget to show Mrs Caden & Mrs Smith what you've made or enjoyed the most!
