

Problems of the Day 2020

Day
5

- 1** Marbles are put into bags of 10

- 67 bags of marbles are packed.

How many marbles are there in total now?

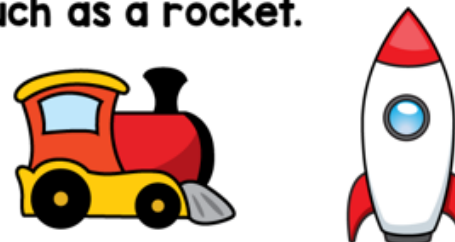

$$67 \times 10 = 670$$

- 2** Work out the missing digits.

$$\boxed{5} \times \boxed{7} \times \boxed{3} = 105$$

$$105 \div 5 = 21$$

- 3** A toy train costs three times as much as a rocket.

The rocket costs £14.

How much does the train cost?

$$14 \times 3 = 42$$

The train costs £42

How much do they cost altogether?

$$42 + 14 = 56$$

They cost £56 altogether.
