

Maths

Can you remember any doubles? Use the link below to join in with a song all about doubles.

<https://www.youtube.com/watch?v=NDqbCfplYrg>

Today we are going to play a pairs game. Using pieces of paper you need to write matching doubles on two pieces. See examples below. These have also been added to the Resources section if you prefer to print them.

2	4	6	8	10
●●	●●●●	●●●●	●●●●	●●●●●●

2	4	6	8	10
1+1	2+2	3+3	4+4	5+5

12	14	16	18	20
6+6	7+7	8+8	9+9	10+10

You can make this game as tricky as you like depending on your child's understanding, using higher numbers if you wish! Lay the numbers out face down and take turns to turn two over. If they are a matching double keep them. Who has the most cards when they have all been used?

As an extra challenge you might like to play Hit the Button Doubles to see how many you can score in one minute. Keep practising to see if you can improve your score!

Literacy

We are going to continue thinking about the seaside. Imagine you are going to the seaside for the day. What might you need to take with you?

Draw a beach bag like the one shown or you may like to print it out from the resources section. Inside draw and label at least 5 things you would take with you for a fun day out at the seaside. Remember to use your phonic skills carefully when spelling words.

Foundation Subject – Creative

Role play is an important part of our learning in Reception so why don't you have a virtual day at the seaside? You may like to pack your bag with the special things you have chosen, put up a little picnic and get dressed for a day at the beach if the weather is nice. At the beach you could pretend to build a sandcastle (or really build one if you have a sandpit), pretend you are splashing in the waves (or really splash if you have a paddling pool!), eat your picnic, buy an ice cream (you might want to count out real money!), play games such as throwing and catching, tennis or piggy in the middle. You might even spot some sea creatures (use the creatures you made on Monday). Have a lovely time!

You might even like to play some relaxing sounds of the sea whilst you are imagining. Here is a link:

On Friday we are going to be doing some music together. Practise singing this well know song about the seaside!
