

Yr 2, 08.06.20

Maths-

Today, you will have a variety of maths tasks!

Year 2 Maths Activity Mat

2

Section 1

Use the correct sign < or > to make these true:

10  20    3  8

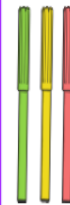

Section 2

What are the missing numbers?

2	4	6	<input type="text"/>	10	<input type="text"/>	14	<input type="text"/>
---	---	---	----------------------	----	----------------------	----	----------------------

Section 3

Zac has 12 new felt-tips. Harry has 8 more. How many felt-tips has Harry got?

Section 4

Which number is the odd one out? Explain how you know.

16                    18  
                          10                    7

.....  
.....

Section 6

Dance class starts at 9 o'clock. The class lasts for an hour. What time will it finish?

Section 8

Are these correct? If not, can you make them right?

11 + 4 = 20

20 - 15 = 9

13 + 7 = 20

Section 5

Jas eats half of the pizza. What fraction of the pizza is left?

Section 7

How much juice is in the jug?

English

Today we are learning about homophones. These are words that sound the same when we say them, but are spelled differently and have different meanings. For example – see and sea. Follow the link below to BBC bitesize, and watch the power point in the supporting documents, then have a go at making your own list of homophones. How many can you find?

<https://www.bbc.co.uk/bitesize/topics/zqhp2p>

Foundation subject – Science – Investigating microhabitats

Read the information in the supporting documents about microhabitats and the creatures that live there. Then choose two microhabitats (for example a flowering bush and under a

rock) to investigate. Identify and count the different minibeasts you find in each habitat.

Look carefully at your two habitats. Count up the number of each kind of minibeast that you find there.

Minibeast		Habitat 1	Habitat 2
Woodlouse			
Slug			
Snail			
Spider			
Beetle			
Fly			
Bee			
Millipede			
Butterfly			
Caterpillar			
Worm			
Ant			
Ladybird			
Wasp			
Other
