

Shotton Hall Primary School

Working together to

SHINE

Successful, Happy, Inspired and Nurtured towards Excellence

Hello Class 5. Here are your learning activities for Wednesday. This half-term our geography and history work is linked to the seaside. Have you got any photos or souvenirs from a time when you visited the seaside?

Enjoy your day,
Miss Elwick

Maths

Today we are looking at comparing the mass of different objects. Mass is the measurement of how heavy an object is. Try the mass quiz, and then the fluency, reasoning and mastery style questions that are on our website.

English

This sheet has different activities for practising correct use of spelling, punctuation and grammar. Just write your answers on paper, and then check the answer sheet on Friday.

I have also included some spellings that you could practise this week. They are all common exception words. Can you write each word in a sentence correctly? You can also use this opportunity to practise your neat, cursive handwriting.

Topic work – Geography – At the seaside

Read 'At the seaside' and think about time when you have visited a beach. Can you use a map to find any UK beaches you have visited?

Draw a picture showing you, your family and friends at the seaside. Can you draw each person enjoying a different seaside activity? For example someone could be swimming, someone else could be sunbathing. How many different seaside activities can you draw and label?
