

Shotton Hall Primary School

Working together to

S H I N E

Successful, Happy, Inspired and Nurtured towards Excellence

Friday 5th June

Good Morning Boys and Girls! Hope you're well and being good?

What day of the week is it today? Sing our 'Days of the week song'

What is the weather like today and is it different or the same as yesterday?

Don't forget to watch today's video too – 'Where shall we go today?'

Phonics :

Oral Blending and Segmenting

Like Wednesday's phonics, use sound talk in your daily routine. Model segmenting the **sounds** in a word whenever you can. It is great to just 'throw into' your normal daily routine whenever possible. This gives it context, and makes it as simple as possible for your child to understand.

For example, you could say things like

Can you pick up your c – u – p.

Can you do up your z – i - p.

The children know what you are talking about, and so begin to understand that the sound talk is not just some abstract arrangement of sounds, but actually linked to the words they use and hear every day.

Music:

The Tree Song

Our very own Mrs Sellers has another song for us to practise and learn. Not only that, but with actions to copy and join in with too! I hope you like this:

https://www.youtube.com/watch?v=vJilQ8t_sCY

Maybe you could get your grown up to video you singing and share this with Mrs Caden and Mrs Smith?

Dough Disco:

Have some fun at the dough disco with fantastic fine motor skills which aid pencil grip and cutting! Only a small ball of playdough in the palm of your hand is needed. Any music with a good beat is good but preschool class previously liked: (played through twice will be sufficient time) https://www.youtube.com/watch?v=XejVB_fba04 OR <https://www.youtube.com/watch?v=FY0ZBE41yhQ>

First, here's an idea of what it is. She may seem a little o.t.t. but the children love it. It's not quite our own class version but your child will probably show you how we like to do it. They may even want to pretend that they're the teacher and that you will be in their class!

<https://www.youtube.com/watch?v=i-lfzeG1aC4>

Maths:

Shape Patterns Game

Repeating patterns are an important early mathematical skill that aids understanding. This game, in 3 levels, is a perfect combination of our learning this week about shapes and of methods of transport within our topic 'Where shall we go today?'

Start at level 1 and see which level you can get to without help. Good luck!

Storytime :

Rusty's Train Ride

Read, share and enjoy 2 steam train tales which have some mishaps along their journey :

<https://www.youtube.com/watch?v=NoPuQBbwij8>

Hope you like Mrs Caden's video with some trains, the new station and boats & a ship at the marina during a journey in her little mini!

Don't forget to look for Mrs Suter's storytime within our Home School learning for more stories !
