

Maths – Today I thought would be a lovely opportunity to create your own maths game that consists of the different strands of learning that you've covered over your time in Year 6. You can include any aspect of maths but I would like everyone's game to include tasks with regards to:

- Four operations (addition, subtraction, multiplication & division)
- Fractions

Here are some examples to inspire your thinking:

English – For your English lesson today I would like you to write your own autobiography titled: 'Writing My Future: An Autobiography' - you could also create a front cover for this.

Answer these questions to help you and form your autobiography.

1. What do you think you'll be doing one year on from today?

2. What would you like to do when you're older?
3. If you could go to university to study anything, what would it be and why?
4. What is one rule in your life that you will always try to follow?
5. Where do you see yourself living when you are 30? What will your house be like?
6. If you had the power to change the world, what would you do to make a difference?
7. Which thing about yourself would you like to work on most?
8. Think of yourself ten years from now, what will you be doing?
9. If someone had to describe you to another person, what would you like them to say?
10. What advice would you give to your future self?

Foundations Subject – REFLECTION

Today I would like you to create a persuasive leaflet to 'sell your school'

What is so great about your school for others to enjoy? You could use this sheet to help you 😊

Selling Your School

As year 6 pupils, you know your school better than anyone else. Do you want other children to enjoy your primary school as much as you have? Plan a leaflet which advertises your school to potential new pupils. Remember to:

- entice the reader with comments, offers and awards;
- include all the important information they will need;
- thoroughly describe the school and all its features.

Introduction

How would you introduce your school to someone who had never been before?

Things to Do

What clubs, activities or events does your school have to offer?

Awards and Comments

What do people have to say about your school? Has it won awards?

Important Information

What do potential pupils need to know?
Include a map.

Amenities

What food is on offer at your school?
What are the toilet facilities like?

Slogan

Can you create a catchy slogan to attract potential pupils to your school?
