Maths- fractions-quarters

Fluency

Did you manage to fold the paper correctly?

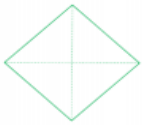

If you coloured 1 part out of 4 parts then you have found a quarter.

The correct shapes that show a quarter are:

Problem solving

Alex and Jack are talking about quarters.

Alex

My shape shows quarters because it has four equal parts.

My shape shows quarters because it has four parts.

Jack

Are they correct?
Explain your answer.

Alex is correct because quarters must be four equal parts.
Jack has split his square into four unequal parts so they are not quarters.

Handwriting

Is your handwriting improving?
