

**Shotton Hall Primary School**

Working together to

**SHINE**

**Successful, Happy, Inspired and Nurtured towards Excellence**

Hello Class 5. Here are your learning activities for Wednesday.

Enjoy your day,  
Miss Elwick

### **Maths**

Today we are learning about measuring mass in grams and looking at how to read scales when measuring. Look at the information document to help you practise reading scales. You could look at the scales you have at home. Then try the fluency, reasoning and mastery style questions – Measuring mass in grams.

### **English**

This sheet has different activities for practising correct use of spelling, punctuation and grammar. Just write your answers on paper, and then check the answer sheet on Friday.

I have also included a list of spellings that you could practise this week. They are all common exception words that Year 2 children need to be able to spell. Can you write each word in a sentence correctly? You can also use this opportunity to practise your neat, cursive handwriting.

### **Topic work – Seasides**

I would like you to design your own seaside town. Decide which features it will have and then make a map showing these features. I have made an example map to give you some ideas. Remember to give your town a name!
