Summer Number Puzzles

I collect some shells on the beach.
I multiply the number of shells by 5.
I then subtract 15,
multiply by 7,
and divide by 2.
I end with the number 735.
How many shells did I collect?

I decorate my sandcastle with flags.
I multiply the number of flags by 7.
I then add 78,
multiply by 4,
and divide by 3.
I end with the number 300.
How many flags did I use to decorate my sandcastle?

I practise cartwheels on the sand.
I multiply the number of cartwheels by 8.
I then subtract 132,
multiply by 10,
and divide by 4.
I end with the number 30.
How many cartwheels did I do?

English

Invent a Plot

Imagine this is a scene from a Hollywood movie.

- What is the movie called?
- What is the story about?
- Who are the main actors?
- Where is it filmed?
- How does the movie end?
- What kind of audience would it be aimed at?

HA Challenge:

A movie trailer is the little advert you see for a movie when you're at the cinema. They show these to advertise new movies that are coming out soon. Write the script for this movie's trailer.

Foundation Subject –

We are going to continue our memory book today.

Here is today's task to get you thinking:

Task 2

Favourite subject/s this year.

Favourite lesson/s this year.

Five things I have learnt.

Five things I want to get better at.

Three things I made.

Three things I did.
