SHINE

Successful, Happy, Inspired and Nurtured towards Excellence

Maths

Over the summer holidays, I would like you to familiarise yourself with the clock. Look at the different hands, what is each hand for?

You could practise looking at o'clock with a grown up on a clock at home or, follow the link to use online.

<https://www.topmarks.co.uk/time/teaching-clock>

Remember, it is only o'clock, when the big hand (the minute hand) is on the 12. The small hand (the hour hand) points to which hour it is.

English

Today I would like you to visit <https://www.phonicsplay.co.uk/> and play the 'Buried Treasure' game.

Username: **march20**
Password: **home**

Use the Log in above to sign into Phonics Play for free. Adults, please select phase 5 in the option menu of the game.

Foundation Subject - DT

Today I would like you to use the plate you designed from last week to make a real plate of food. Try to make your plate of food as similar to your design as you can. If you have something on your design (for example a sausage roll) that you don't have at home, you could swap it for something similar you do have. So, I could swap my sausage roll for a hot dog or some sausages.

When you have put together your plate of food, you are going to have your own street party! Use the decorations you made on Wednesday and make sure you invite some guests to your party using the invitation you made on Monday!

Have fun!
